

Chinese Ocean Import Announcement 2012

Are you importing products from China?

Is your supplier offering you very cheap rates for ocean freight?

Be careful - the seemingly cheap rate could be anything but...

Our global coverage of network partners and agents provides you with detailed coverage across China – where we arrange the collection and movement of your products, helping you control not only the cargo but, most importantly, the costs.

Did you know?

Many exporters in China are offered low rates in return for cargo, only for the shortfall to be billed to the customer in the UK using excessively inflated UK clearance and delivery charges.

What can Southampton Freight Services Ltd do for you?

- ◆ Coordinate with your supplier to confirm readiness of cargo and confirm terms of sale
- ◆ Once confirmed weights/dimensions we quote you door to door according to the speed in which you require the products
- ◆ Arrange shipment into the UK ensuring the destination charges are controlled and known in advance
- ◆ Customs clear the consignment(s) and arrange delivery anywhere in the UK
- ◆ Keep you updated all the way! Our excellent levels of customer service take the stress out of

Call or email our team for rates and service information
